+ The selling securityholder is an affiliate of a registered broker-dealer.

(1) Information concerning other selling securityholders will be set forth in additional supplements to the prospectus supplement from time to time, if required.

- (2) Assumes conversion of all of the holder's debentures at a conversion rate of 31.7162 shares of common stock per \$1,000 principal amount at maturity of the debentures. This conversion rate is subject to adjustment as described under "Description of debentures—Conversion rights" in the prospectus supplement. As a result, the number of shares of common stock issuable upon conversion of the debentures may increase or decrease in the future. Excludes shares of common stock that may be issued by us upon the repurchase of the debentures as described under "Description of debentures—Fundamental change permits holders to require us to repurchase debentures" and fractional shares. Holders will receive a cash adjustment for any fractional share amount resulting from conversion of the debentures, as described under "Description of debentures—Conversion rights."
- (3) Calculated based on Rule 13d-3(d)(i) of the Exchange Act. The number of shares of common stock beneficially owned by each holder named above is less than 1% of our outstanding common stock calculated based on 5,883 million shares of common stock outstanding as of January 27, 2006. In calculating this amount for each holder, we treated as outstanding the number of shares of common stock issuable upon conversion of all of that holder's debentures, but we did not assume conversion of any other holder's debentures.
- (4) For purposes of computing the number and percentage of debentures and shares of common stock to be held by the selling securityholders after the conclusion of the offering, we have assumed for purposes of the table above that the selling securityholders named above will sell all of the debentures and all of the common stock issuable upon conversion of the debentures offered by this prospectus, and that any other shares of our common stock beneficially owned by these selling securityholders will continue to be beneficially owned.
- (5) BNP Paribas Arbitrage is a subsidiary of a public company.
- (6) Citigroup Global Markets Inc. is a subsidiary of a public company.
- (7) Davis Appreciation and Income Fund holds \$1,500,000 in principal amount of the debentures that have been registered previously and which are not listed in this supplement no. 4 as being beneficially owned and offered hereunder.
- (8) Lehman Brothers Inc. is a subsidiary of Lehman Brothers Holdings, a publicly traded entity.
- (9) The Northwestern Mutual Life Insurance Company currently is the beneficial owner of 1,218,700 shares of Intel Corporation common stock (1,017,200 shares of which are held in its General Account and 201,500 shares are held in its Group Annuity Account). Mason Street Advisors, LLC, a wholly owned company of the selling securityholder, is an investment adviser to the selling securityholder and certain other affiliated entities of the selling securityholder, and therefore may be deemed to be the indirect beneficial owner with shared voting power/investment power of Intel Corporation's common stock currently held by the following entities: (i) Northwestern Mutual Series Fund, Inc. in its Index 500 Stock Portfolio (948,863 shares), Asset Allocation Portfolio (22,100 shares), Balanced Portfolio (765,443 shares), Growth Stock Portfolio (248,300 shares), and Large Cap Core Stock Portfolio (98,300 shares); (ii) Northwestern Mutual Life Foundation, Inc. (9,000 shares); and (iii) Northwestern Long Term Care Insurance Company (5,800 shares).
- (10) NML Variable Annuity Account A and NML Variable Annuity Account C, separate accounts of The Northwestern Mutual Life Insurance Company, have variable annuity contracts registered under the Securities Act of 1933. As such, these separate accounts are not investment companies; however, the selling securityholder does file reports under the Securities Exchange Act of 1934 in respect of the two separate accounts. The selling securityholder is a mutual insurance company, without capital stock, incorporated in 1857 by special act of the Wisconsin Legislature. It is organized and operated for the mutual protection and benefit of those persons who hold insurance policies or annuity contracts issued by it or who have beneficial interests in such policies or contracts. No individual policyholder or group of

policyholders is a controlling person or entity of the selling securityholder. Northwestern Investment Management Company, LLC ("NIMC") is the investment advisor to the selling securityholder with respect to the registrable securities. NIMC therefore may be deemed to be an indirect beneficial owner with shared voting power/investment power with respect to such securities. Jerome R. Baier is a portfolio manager for NIMC and manages the portfolio which holds the registrable securities and therefore may be deemed to be an indirect beneficial owner with shared voting power/investment power with respect to such securities. However, pursuant to Rule 13d-4 under the Securities Exchange Act of 1934, the immediately preceding sentence shall not be construed as an admission that Mr. Baier is, for purposes of section 13(d) or 13(g) of the Securities Exchange Act of 1934, the beneficial owner of any securities covered by the statement.

- (11) UBS Securities LLC was previously listed in prior supplements as holding \$7,210,000 in principal amount of the debentures. The amount included in this supplement no. 4 is in addition to the previously listed holdings. The selling securityholder continues to hold \$6,330,000 in principal amount of the debentures previously listed. All other information included in this supplement no. 4 supersedes the prior information concerning UBS Securities LLC.
