1. The accompanying interim consolidated condensed financial statements of Intel Corporation ("Intel," the "Company" or the "Registrant") have been prepared in conformity with generally accepted accounting principles, consistent in all material respects with those applied in the Annual Report on Form 10-K for the year ended December 30, 1995. The interim financial information is unaudited, but reflects all normal adjustments which are, in the opinion of management, necessary to provide a fair statement of results for the interim periods presented. The interim financial statements should be read in connection with the financial statements in the Company's Annual Report on Form 10-K for the year ended December 30, 1995.

Other income for the six months ended July 1, 1995 included approximately $58 million from the settlement of all ongoing litigation with Advanced Micro Devices, Inc. and $23 million from the sale of a portion of the Company's interest in VLSI Technologies, Inc.

3. Earnings per common and common equivalent share as presented on the face of the statements of income represent primary earnings per share. Dual presentation of primary and fully diluted earnings per share has not been made because the differences are insignificant.

4. The Company's available-for-sale investments are reported at fair value, with unrealized gains and losses, net of tax, recorded in stockholders' equity. Realized gains or losses and declines in value, if any, judged to be other than temporary on available-for-sale securities are reported in other income or expense. Beginning in the first quarter of 1996, the Company purchased securities classified as trading assets. The Company's trading assets ($79 million at June 29, 1996) are held to generate returns to offset changes in certain liabilities related to deferred compensation arrangements. The trading assets consist of marketable equity securities and are stated at fair value. Both realized and unrealized gains and losses are included in other income or expense and generally offset the change in the deferred compensation liability which is also included in other income or expense.

5. As more fully described in the Company's Annual Report, Intel enters into derivative financial instruments to reduce financial market risks. These instruments are used to hedge foreign currency, equity and interest rate market exposures of underlying assets, liabilities and other obligations. The Company does not use derivative financial instruments for speculative or trading purposes. The Company's accounting policies for these instruments are based on the Company's designation of such instruments as hedging transactions. The criteria the Company uses for designating an instrument as a hedge include its effectiveness in risk reduction and one-to-one matching of derivative instruments to underlying transactions. Gains and losses on currency forward contracts, and options that are designated and effective as hedges of anticipated transactions, for which a firm commitment has been attained, are deferred and recognized in income in the same period that the underlying transactions are settled.
Gains and losses on currency forward contracts, options and swaps that are designated and effective as hedges of existing transactions are recognized in income in the same period as losses and gains on the underlying transactions are recognized and generally offset. Gains and losses on options hedging investments in non-marketable instruments are deferred and recognized in income in the same period as the hedges mature or when the underlying transaction is sold, whichever comes first. Income or expense on swaps is accrued as an adjustment to the yield of the related investments or debt they hedge.

6. During the second quarter of 1996, the Company repurchased 2.0 million shares of Common Stock under the Company's authorized repurchase program at a cost of $135 million. As of June 29, 1996, after reserving shares to cover the outstanding put warrants, approximately 24.1 million shares remained available under the repurchase program (total authorization of 110 million shares) authorized by the Board of Directors. (See Item 2. Management's Discussion and Analysis for subsequent activity.)

7. In a series of private placements during the 1991-1996 period, the Company sold put warrants that entitle the holder of each warrant to sell one share of Common Stock to the Company, at a specified price, if the holder exercises the warrant. Activity during the first half of 1996 is summarized as follows:

The amount related to the Company's potential buyback obligation has been reclassified from Stockholders' Equity and recorded as put warrants. The 11.7 million put warrants outstanding on June 29, 1996 expire on various dates between July 1996 and May 1997 and have exercise prices ranging from $56 to $69 per share, with an average exercise price of $64. There is no material dilutive effect on earnings per share for the periods presented. (See Item 2. Management's Discussion and Analysis for subsequent activity.)

8. On March 29, 1995, Thorn EMI North America Inc. brought suit in Federal Court in Delaware against Intel alleging that certain Intel manufacturing processes infringe a U.S. patent. In April 1996, the plaintiff filed documents with the Federal Court in Delaware indicating that in addition to an injunction it plans to seek damages, if it prevails, equal to between one (1) and one and one half (1 1/2) percent of Intel's net revenues derived from sales of Intel486(TM), Pentium(R) and Pentium(R) Pro processors. On May 28, 1996, the Court granted Intel's motion for summary judgment as to one of the fabrication processes at issue, including all processes currently used to make Pentium and Pentium Pro processors. In June 1996, the Court held a "Markman" hearing to resolve remaining disputed issues of claim interpretation, and on June 11, 1996 announced its rulings, which were largely consistent with Intel's proposed interpretations. The parties subsequently agreed to dismiss the jury, and Intel moved for summary judgment on the processes remaining in the case. This motion is currently under consideration. The Company believes this lawsuit to be without merit and will defend the case vigorously. Although the ultimate outcome of this lawsuit cannot be determined at this time, management, including internal counsel, continues to believe that the ultimate outcome will not have a material adverse effect on Intel's financial position or overall trends in results of operations. This estimate of the potential impact on the Company could change in the future.
Results of Operations - Second Quarter of 1996 Compared to Second Quarter of 1995

Revenues for Q2 1996 increased by 19% compared to Q2 1995. Higher volumes of the rapidly ramping Pentium(R) processor family, partially offset by lower prices and decreasing revenues from sales of related board level products, drove the overall growth in revenues. Revenues from the Intel486(TM) microprocessor family declined substantially, primarily due to a major shift in market demand toward the Company's more advanced microprocessors. Chipsets and flash memory also showed significant revenue growth between these periods. Revenue from royalties was higher than normal during the second quarter of 1996.

Cost of sales rose by 19% from Q2 1995 to Q2 1996, primarily due to increased unit volumes. Gross margin was 53% in Q2 1996 versus 54% in Q2 1995. Although the Company's gross margin percentage had been declining since Q2 1995, it returned to the prior year's level, primarily due to lower memory inventory write offs than the Company has been experiencing recently. In addition, gross margin in the second quarter of 1996 benefited from the higher than normal royalties during the period.

A majority and growing portion of the Company's revenues, and a substantial majority of its gross margin, are derived from sales of the Pentium processor family including related board level products. Although sales of the Intel486 microprocessor family represented a significant portion of Q2 1995 revenues and gross margin, revenues and gross margin for these products were negligible for Q2 1996.

Research and development expenses and marketing, general and administrative expenses rose by a total of $193 million, or 25%, from Q2 1995 to Q2 1996. Spending for internal product and process development programs, personnel related spending and Intel Inside(R) and other advertising and marketing expenses accounted for most of the increase.

Interest and other income for Q2 1996 increased by $6 million over the prior year due primarily to the higher average investment balance in Q2 1996, offset in part by lower average interest rates on investments.

The $7 million decrease in interest expense between Q2 1995 and Q2 1996 is primarily the result of lower weighted average borrowing balances.

The Company utilizes investments and corresponding interest rate swaps to preserve principal while enhancing the yield on its investment portfolio without significantly increasing risk, and uses forward contracts, options and swaps to hedge foreign currency, equity and interest rate market exposures. Gains and losses on these instruments are generally offset by those on the underlying hedged transactions; as a result, there was no net impact on the Company's financial results in either Q2 1996 or Q2 1995 from hedging activities.

The provision for taxes increased by $40 million, or 8%, primarily as a result of higher pretax earnings in 1996. In addition, the effective tax rate decreased from 37.2% for Q2 1995 to 35% for Q2 1996.

Results of Operations - First Half of 1996 Compared to First Half of 1995

Revenues for the first half of 1996 increased by 24% compared to the first half of 1995. Higher volumes of the rapidly ramping Pentium processor family, partially offset by lower prices and decreasing revenues from sales of related board level products drove the overall growth in revenues. Revenues from the Intel486 microprocessor family declined substantially, primarily due to a major shift in market demand toward the Company's more advanced microprocessors. Chipsets and flash memory also showed significant revenue growth between these periods. Revenue from royalties was higher than normal during the first half of 1996.

Cost of sales rose by 34% from the first half of 1995 to the first half of 1996, primarily due to increased unit volumes. Gross margin was 51% in the first half of 1996 versus 54% in the first half of 1995 as 1996 costs were impacted by inventory reserves and increased costs associated with bringing on advanced manufacturing processes.

A majority and growing portion of the Company's revenues, and a substantial majority of its gross margin, are derived from sales of the Pentium processor family including related board level products.
Although sales of the Intel486 microprocessor family represented a significant portion of revenues and gross margin in the first half of 1995, revenues and gross margin for these products were negligible for the first half of 1996.

Research and development expenses and marketing, general and administrative expenses rose by a total of $430 million, or 30%, from the first half of 1995 to the first half of 1996. Spending for internal product and process development programs, personnel related spending and Intel Inside(R) and other advertising and marketing expenses accounted for most of the increase.

Interest and other income for the first half 1996 decreased by $74 million over the prior year due primarily to the gains in the first half of 1995 from the settlement of litigation with Advanced Micro Devices, Inc. and the sale of a portion of Intel's interest in VLSI Technology, Inc.

The $9 million decrease in interest expense between the first half of 1995 and the first half of 1996 is primarily the result of lower weighted average borrowing balances.

The Company utilizes investments and corresponding interest rate swaps to preserve principal while enhancing the yield on its investment portfolio without significantly increasing risk, and uses forward contracts, options and swaps to hedge foreign currency, equity and interest rate market exposures. Gains and losses on these instruments are generally offset by those on the underlying hedged transactions; as a result, there was no net impact on the Company's financial results in either the first half 1996 or the first half 1995 from hedging activities.

The provision for taxes decreased by $5 million, primarily due to a decrease in the effective tax rate from 37.2% for the first half of 1995 to 35% for the first half of 1996, offset substantially by an increase in pretax earnings in 1996.

Financial Condition

The Company's financial condition remains very strong. As of June 29, 1996, Intel's portfolio of cash and investments totaled $6.04 billion, up from $4.11 billion at December 30, 1995. The Company's other sources of liquidity include credit lines and commercial paper borrowing arrangements that exceed $1.8 billion in the aggregate. The Company also retains the authority to issue an aggregate of approximately $1.4 billion in debt, equity and other securities under SEC shelf registration statements.

The Company funded most of its investment needs during the first half of 1996 with cash generated from operations, which totaled $3.82 billion. Major uses of cash during the first half of 1996 included capital spending of $1.6 billion for property, plant and equipment, primarily for microprocessor manufacturing capacity.

Inventory levels, particularly raw material and finished goods, decreased significantly during the first half of 1996, primarily attributable to the sell-through of purchased parts inventory and lower costs of manufacturing in the first half of 1996.

The Company's five largest customers accounted for approximately 30% of net revenues for the six month period ended June 29, 1996. At June 29, 1996, these customers accounted for approximately 22% of net accounts receivable.

Key financing activities in the first half of 1996 included the repurchase of 6.1 million shares of Common Stock for $369 million as part of the Company's authorized stock repurchase program, including 1.8 million shares for $108 million upon the exercise of outstanding put warrants. The Company also sold 6 million put warrants, receiving proceeds of $36 million, while 4.5 million previously outstanding put warrants expired unexercised. Through August 9, 1996, the Company repurchased 8 million shares of its Common Stock for $598 million, issued 3 million put warrants and 2.7 million put warrants expired unexercised. As of August 9, 1996, Intel had the potential obligation to repurchase 12 million shares of Common Stock at an aggregate cost of $795 million under outstanding put warrants. The exercise price of these warrants ranges from $56.25 to $80.75 per share, with an average
exercise price of $66 per share. Certain of these put warrants expire upon the Company's stock price reaching certain levels above the exercise price for such put warrants. As of August 9, 1996, 15.8 million shares remained available for repurchase under the repurchase authorization, after reserving shares to cover outstanding put warrants.

Management considers cash flow from operations and available sources of liquidity to be adequate to meet business requirements in the foreseeable future, including planned capital expenditure programs, working capital requirements, the put warrant obligation and the dividend program.

Outlook

The statements contained in this Outlook are based on current expectations. These statements are forward looking and actual results may differ materially.

Although the Company's book-to-bill ratio was above 1.0 for Q2 1996, the Company expects revenue for the third quarter of 1996 to be approximately equal to the second quarter revenue of $4.6 billion. The Company believes that many customers will continue to place orders for immediate delivery ("turns"), consistent with the second quarter. In a turns environment, however, customer order patterns are inherently difficult to predict. Revenue is also a function of the distribution of microprocessor speed and performance levels, which is difficult to forecast. Because of the large price difference between the highest and lowest performance microprocessors, this distribution affects the average price Intel will realize and has a large impact on Intel's revenues.

Intel's strategy has been and continues to be to introduce ever higher performance microprocessors and work with the software industry to develop compelling applications that can take advantage of this higher performance, thus driving demand toward the newer products. In line with this strategy, the Company continues to be on track to position the 120-MHz and 133-MHz Pentium processors as the entry-level processors in the fourth quarter of 1996. If the market demand does not continue to grow and move rapidly toward higher performance products, revenue and gross margin may be impacted, the manufacturing capacity installed might be under-utilized and capital spending may be slowed. The Company may continue to reduce microprocessor prices aggressively and systematically to bring its technology to market. The Company recently announced that it will cut prices on certain members of the Pentium processor family more than previously planned in Q3 1996 and plans to hold those prices through the end of 1996. The Company's pricing policy is subject to change.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (continued)

Outlook (continued)

The Company expects gross margin percentage in the third quarter to be at the upper end of the model of 50 percent plus or minus a couple of points. Intel's gross margin percentage varies depending in part on the mix of microprocessors and related motherboards within a product family because motherboards generally have lower gross margin percentages than microprocessors. Various other factors, including unit volumes and costs and yield issues, sell-through of purchased components, processor speed mix and mix of shipments of other semiconductors will also continue to affect the amount of cost of sales and the variability of gross margin percentages.

To implement its strategy, Intel continues to build capacity to produce high-performance microprocessors and other products. The Company currently expects capital expenditures for 1996 to be about $3.6 billion. This spending plan is dependent upon delivery times of various machines and construction schedules for new facilities. The current estimate is lower than the previous estimate of $4 billion due to delays in beginning a new facility, improvements in the rate of equipment re-utilization, and early conversion and high yields on the .35 micron manufacturing process.

Spending on research and development and marketing, general and administrative expenses is expected to increase about 3 to 4 percent in the third quarter of 1996 from the $956 million in the second quarter of 1996. Expense projections in the third quarter of 1996 are subject to changes based primarily on utilization of cooperative marketing programs by customers.
The Company's future results of operations and the other forward looking statements contained in this outlook involve a number of risks and uncertainties. In addition to the factors discussed above, among the other factors that could cause actual results to differ materially are the following: business conditions and growth in the personal computer industry and general economy; changes in customer order patterns, including timing of delivery and changes in seasonal fluctuations in PC buying patterns; competitive factors, such as rival chip architectures, competing software-compatible microprocessors, acceptance of new products and price pressures; risk of nonpayment of customer receivables; risk of inventory obsolescence due to shifts in market demand; variations in inventory valuation; timing of software industry product introductions; continued success in technological advances, including the manufacturing ramp; excess or shortage of manufacturing capacity; risks associated with foreign operations; changes in the mix of microprocessor speeds and related motherboards; costs and yield issues associated with initiating production at new factories; and litigation involving intellectual property and consumer issues.

Intel believes that it has the product offerings, facilities, personnel, and competitive and financial resources for continued business success, but future revenues, costs, margins, product mix and profits are all influenced by a number of factors, as discussed above.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

A. Litigation

Thorn EMI North America, Inc.
vs. Intel, DEL (C95-199)

On May 28, 1996, the Court granted Intel's motion for summary judgment as to several of the fabrication processes at issue, including all processes currently used to make Pentium(R) and Pentium(R) Pro processors. In June 1996, the Court held a "Markman" hearing to resolve remaining disputed issues of claim interpretation, and on June 11, 1996 announced its rulings, which were largely consistent with Intel's proposed interpretations. The parties subsequently agreed to dismiss the jury, and Intel moved for summary judgment on the processes remaining in the case. This motion is currently under consideration. The Company believes this lawsuit to be without merit and will defend the case vigorously. Although the ultimate outcome of this lawsuit cannot be determined at this time, management, including internal counsel, continues to believe that the ultimate outcome will not have a material adverse effect on Intel's financial position or overall trends in results of operations. This estimate of the potential impact on the Company could change in the future.

Item 2. Changes in Securities

On July 17, 1996, the Board of Directors amended the Bylaws of Intel Corporation to require stockholders to give written notice to the Company not less than 60 days nor more than 120 days prior to the first anniversary of the preceding year's annual stockholders' meeting for nominations or other business to be properly brought before an annual stockholders' meeting. The amended Bylaws also specify certain information that must be set forth in any such notice. Reference is made to Exhibit 3.1 of this Quarterly Report on Form 10-Q for an amended and restated copy of the Bylaws of Intel Corporation.

Item 4. Submission of Matters to a Vote of Security Holders

ARTICLE I

Offices

Section 1. Registered Office. The registered office of the corporation in the State of Delaware shall be in the City of Wilmington, County of New Castle.

Section 2. Other Offices. The corporation shall also have and maintain an office or principal place of business at 2200 Mission College Boulevard, Santa Clara, County of Santa Clara, State of California, and may also have offices at such other places, both within and without the State of Delaware, as the Board of Directors may from time to time determine or the business of the corporation may require.

ARTICLE II

Stockholders’ Meetings

Section 1. Place of Meetings. Meetings of the stockholders of the corporation shall be held at such place, either within or without the State of Delaware, as may be designated from time to time by the Board of Directors, or, if not so designated, then at the office of the corporation required to be maintained pursuant to Section 2 of Article I hereof.

Section 2. Annual Meetings. The annual meetings of the stockholders of the corporation, commencing with the year 1990, for the purpose of election of directors and for such other business as may lawfully come before it, shall be held on such date and at such time as may be designated from time to time by the Board of Directors, but in no event more than fifteen (15) months after the date of the preceding annual meeting.

Section 3. Special Meetings. Special meetings of the stockholders of the corporation may be called, for any purpose or purposes, by the Chairman of the Board or the President or the Board of Directors at any time.

Section 4. Notice of Meetings.

(a) Except as otherwise provided by law or the Certificate of Incorporation, written notice of each meeting of stockholders, specifying the place, date and hour and purpose or purposes of the meeting, shall be given not less than ten nor more than sixty days before the date of the meeting to each stockholder entitled to vote thereat, directed to his address as it appears upon the books of the corporation.

(b) If at any meeting action is proposed to be taken which, if taken, would entitle stockholders fulfilling the requirements of section 262(d) of the Delaware General Corporation Law to an appraisal of the fair value of their shares, the notice of such meeting shall contain a statement of that purpose and to that effect and shall be accompanied by a copy of that statutory section.

(c) When a meeting is adjourned to another time or place, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken unless the adjournment is for more than thirty days, or unless after the adjournment a new record date is fixed for the adjourned meeting, in which event a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting.

(d) Notice of the time, place and purpose of any meeting of stockholders may be waived in writing, either before or after such meeting, and to the extent permitted by law, will be waived by any stockholder by his attendance thereat, in person or by proxy. Any stockholder so waiving notice of such meeting shall be bound by the proceedings of any such meeting in all respects as if due notice thereof had been given.

(e) Unless and until voted, every proxy
shall be revocable at the pleasure of the person who executed it or of his legal representatives or assigns, except in those cases where an irrevocable proxy permitted by statute has been given.

Section 5. Quorum and Voting.
(a) At all meetings of stockholders, except where otherwise provided by law, the Certificate of Incorporation, or these Bylaws, the presence, in person or by proxy duly authorized, of the holders of a majority of the outstanding shares of stock entitled to vote shall constitute a quorum for the transaction of business. Shares, the voting of which at said meeting have been enjoined, or which for any reason cannot be lawfully voted at such meeting, shall not be counted to determine a quorum at said meeting. In the absence of a quorum, any meeting of stockholders may be adjourned, from time to time, by vote of the holders of a majority of the shares represented thereat, but no other business shall be transacted at such meeting. At such adjourned meeting at which a quorum is present or represented, any business may be transacted which might have been transacted at the original meeting. The stockholders present at a duly called or convened meeting, at which a quorum is present, may continue to transact business until adjournment, notwithstanding the withdrawal of enough stockholders to leave less than a quorum.

(b) Except as otherwise provided by law, the Certificate of Incorporation or these Bylaws, all action taken by the holders of a majority of the voting power represented at any meeting at which a quorum is present shall be valid and binding upon the corporation.

(a) Except as otherwise provided by law, only persons in whose names shares entitled to vote stand on the stock records of the corporation on the record date for determining the stockholders entitled to vote at said meeting shall be entitled to vote at such meeting. Shares standing in the names of two or more persons shall be voted or represented in accordance with the determination of the majority of such persons, or, if only one of such persons is present in person or represented by proxy, such person shall have the right to vote such shares and such shares shall be deemed to be represented for the purpose of determining a quorum.

(b) Every person entitled to vote or execute consents shall have the right to do so either in person or by an agent or agents authorized by a written proxy executed by such person or his duly authorized agent, which proxy shall be filed with the Secretary of the corporation at or before the meeting at which it is to be used. Said proxy so appointed need not be a stockholder. No proxy shall be voted on after three years from its date unless the proxy provides for a longer period.

Section 7. List of Stockholders. The officer who has charge of the stock ledger of the corporation shall prepare and make, at least ten days before every meeting of stockholders, a complete list of the stockholders entitled to vote at said meeting, arranged in alphabetical order, showing the address of and the number of shares registered in the name of each stockholder. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting, during ordinary business hours, for a period of at least ten days prior to the meeting, either at a place within the city where the meeting is to be held and which place shall be specified in the notice of the meeting, or, if not specified, at the place where said meeting is to be held, and the list shall be produced and kept at the time and place of meeting during the whole time thereof, and may be inspected by any stockholder who is present.

Section 8. Action Without Meeting. Unless otherwise provided in the Certificate of Incorporation, any action required by statute to be taken at any annual or special meeting of stockholders of the corporation, or any action which may be taken at any annual or special meeting of such stockholders, may be taken without a meeting, without prior notice and without a vote, if a consent or consents in
writing, setting forth the action so taken, are signed by
the holders of outstanding stock having not less than the
minimum number of votes that would be necessary to
authorize or take such action at a meeting at which all
shares entitled to vote thereon were present and
voted. To be effective, a written consent must be
delivered to the corporation by delivery to its
registered office in Delaware, its principal place
of business, or an officer or agent of the
corporation having custody of the book in
which proceedings of meetings of stockholders
are recorded. Delivery made to a corporation's
registered office shall be by hand or by
certified or registered mail, return receipt requested.
Every written consent shall bear the date of signature of
each stockholder who signs the consent and no written
consent shall be effective to take the corporate action
referred to therein unless, within sixty days of the
earliest dated consent delivered in the manner required by
this Section to the corporation, written consents
signed by a sufficient number of holders to take action
are delivered to the corporation in accordance with this
Section. Prompt notice of the taking of the corporate
action without a meeting by less than unanimous written
consent shall be given to those stockholders who have not
consented in writing.

(a) Nominations of persons for election to the
Board of Directors of the Corporation and the proposal of
business to be considered by the stockholders may be made at an
annual meeting of stockholders (a) pursuant to the
Corporation's notice of meeting, (b) by or at the direction
of the Board of Directors, or (c) by any stockholder of the
Corporation who is a stockholder of record at the time of
giving of notice provided for in this Section 9, who is
entitled to vote at the meeting and who complied with
the notice procedures set forth in this Section 9.

(b) For nominations or other business to be
properly brought before an annual meeting by a stockholder
pursuant to this Section 9, the stockholder must have given
timely notice thereof in writing to the Secretary of the
Corporation, and such business must be a proper subject
for stockholder action under the Delaware General
Corporation Law. To be timely, a
stockholder's notice shall be delivered to the secretary at
the principal executive offices of the Corporation not less
than 60 days nor more than 120 days prior to the first
anniversary of the preceding year's annual meeting;
provided, however, that in the event that the date
of the annual meeting is advanced by
more than 30 days or delayed (other than as a result of
adjournment) by more than 60 days from such anniversary
date, notice by the stockholder to be timely must be
delivered not later than the close of business on the
later of the 60th day prior to such
annual meeting or the 10th day following the day on which
public announcement of the date of such meeting is first made. Such stockholder's notice shall set forth (a) as to
each person whom the stockholder proposes to nominate for
election or reelection as a director all information
relating to such person that is required to be disclosed
in solicitations of proxies for election of directors, or
is otherwise required, in each case pursuant to Regulation
14A under the Securities Exchange Act of 1934, as
amended (the "Exchange Act") (including such person's
written consent to being named in the proxy statement as a nominee
and to serving as a director if elected); (b) as to any
other business that the stockholder proposes to bring
before the meeting, a brief description of the business
desired to be brought before the meeting, the reasons for
conducting such business at the meeting and any material
interest in such business of such stockholder and the
beneficial owner, if any, on whose behalf the proposal is
made; and (c) as to the stockholder giving the notice and
the beneficial owners if any, on whose behalf the nomination
or proposal is made (i) the name and address of such
stockholder, as they appear on the Corporation's books, and
of such beneficial owner, and (ii) the class and number of
shares of the Corporation which are owned beneficially and
of record by such stockholder and such beneficial owner.

(c) Notwithstanding anything in this Section 9
to the contrary, in the event that the number of directors to be elected to the Board of Directors of the Corporation is increased and there is no public announcement specifying the size of the increased Board of Directors made by the Corporation at least 70 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice required by this Section 9 shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary at the principal executive offices of the Corporation not later than the close of business on the 10th day following the day on which such public announcement is first made by the Corporation.

(d) Only such business shall be conducted at a special meeting of stockholders as shall have been brought before the meeting pursuant to the Corporation's notice of meeting. Nominations of persons for election to the Board of Directors may be made at a special meeting of stockholders at which directors are to be elected pursuant to the Corporation's notice of meeting (a) by or at the direction of the Board of Directors or (b) by any stockholder of the Corporation who is a stockholder of record at the time of giving of notice provided for in this section, who is entitled to vote at the meeting and who complies with the notice procedures set forth in this section. Nominations by stockholders of persons for election to the Board of Directors may be made at such a special meeting of Stockholders if the stockholder's notice required by this section shall be delivered to the secretary at the principal executive offices of the Corporation not earlier than the 120th day prior to such special meeting and not later than the close of business on the later of the 60th day prior to such special meeting or the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board of Directors to be elected at such meeting.

(e) Only those persons who are nominated in accordance with the procedures set forth in this section shall be eligible for election as directors at any meeting of stockholders. Only such business shall be conducted at a meeting of stockholders as shall have been brought before the meeting in accordance with the procedures set forth in this section. The chairman of the meeting shall have the power and duty to determine whether a nomination or any business proposed to be brought before the meeting was made in accordance with the procedures set forth in this section and, if any proposed nomination or business is not in compliance with this section, to declare that such defective proposal shall be disregarded.

(f) For purposes of this section, "public announcement" shall mean disclosure in a press release reported by the Dow Jones News Service, Associated Press or comparable national news service or in a document publicly filed by the Corporation with the Securities and Exchange Commission pursuant to Section 9 13, 14 or 15(d) of the Exchange Act.

(g) Notwithstanding the foregoing provisions of this Section 9, a stockholder shall also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to the matters set forth in this Section 9. Nothing in this Section 9 shall be deemed to affect any rights of stockholders to request inclusion of proposals in the Corporation's proxy statement pursuant to Rule 14a-8 under the Exchange Act.

ARTICLE III

Directors

Section 1. Number and Term of Office. The number of directors which shall constitute the whole of the Board of Directors shall be eleven (11). With the exception of the first Board of Directors, which shall be elected by the incorporator, and except as provided in Section 3 of this Article III, the directors shall be elected by a plurality vote of the shares represented in person or by proxy, at the stockholders' annual meeting in each year and entitled to vote on the election of directors. Elected directors shall hold office until the next annual meeting and until their successors shall be duly
elected and qualified. Directors need not be stockholders. If, for any cause, the Board of Directors shall not have been elected at an annual meeting, they may be elected as soon thereafter as convenient at a special meeting of the stockholders called for that purpose in the manner provided in these Bylaws.

Section 2. Powers. The powers of the corporation shall be exercised, its business conducted and its property controlled by or under the direction of the Board of Directors.

Section 3. Vacancies. Vacancies and newly created directorships resulting from any increase in the authorized number of directors may be filled by a majority of the directors then in office, although less than a quorum, or by a sole remaining director, and each director so elected shall hold office for the unexpired portion of the term of the director whose place shall be vacant, and until his successor shall have been duly elected and qualified. A vacancy in the Board of Directors shall be deemed to exist under this Section in the case of the death, removal or resignation of any director, or if the stockholders fail at any meeting of stockholders at which directors are to be elected (including any meeting referred to in Section 4 below) to elect the number of directors then constituting the whole Board.

Section 4. Resignations and Removals.

(a) Any director may resign at any time by delivering his written resignation to the Secretary, such resignation to specify whether it will be effective at a particular time, upon receipt by the Secretary or at the pleasure of the Board of Directors. If no such specification is made, it shall be deemed effective at the pleasure of the Board of Directors. When one or more directors shall resign from the Board, effective at a future date, a majority of the directors then in office, including those who have so resigned, shall have power to fill such vacancy or vacancies, the vote thereon to take effect when such resignation or resignations shall become effective, and each director so chosen shall hold office for the unexpired portion of the term of the director whose place shall be vacated and until his successor shall have been duly elected and qualified.

(b) Except as provided in Section 141 of the Delaware General Corporation Law, at a special meeting of stockholders called for the purpose in the manner hereinabove provided, the Board of Directors, or any individual director, may be removed from office, with or without cause, and a new director or directors elected by a vote of stockholders holding a majority of the outstanding shares entitled to vote at an election of directors.

Section 5. Meetings.

(a) The annual meeting of the Board of Directors shall be held immediately after the annual stockholders' meeting and at the place where such meeting is held or at the place announced by the Chairman at such meeting. No notice of an annual meeting of the Board of Directors shall be necessary and such meeting shall be held for the purpose of electing officers and transacting such other business as may lawfully come before it.

(b) Except as hereinafter otherwise provided, regular meetings of the Board of Directors shall be held in the office of the corporation required to be maintained pursuant to Section 2 of Article I hereof. Regular meetings of the Board of Directors may also be held at any place within or without the State of Delaware which has been designated by resolutions of the Board of Directors or the written consent of all directors. Notice of regular meetings of the directors is hereby dispensed with and no notice whatever of any such meetings need be given.

(c) Special meetings of the Board of Directors may be held at any time and place within or without the State of Delaware whenever called by the Chairman of the Board, the President or by any two of the directors.
Written notice of the time and place of all special meetings of the Board of Directors shall be delivered personally to each director or sent by telegram at least 24 hours before the start of the meeting, or sent by first class mail at least 72 hours before the start of the meeting. Notice of any meeting may be waived in writing at any time before or after the meeting and will be waived by any director by attendance thereat.

Section 6. Quorum and Voting.
(a) A quorum of the Board of Directors shall consist of a majority of the exact number of directors fixed from time to time in accordance with Section 1 of Article III of these Bylaws, but not less than one; provided, however, at any meeting whether a quorum be present or otherwise, a majority of the directors present may adjourn from time to time until the time fixed for the next regular meeting of the Board of Directors, without notice other than by announcement at the meeting.

(b) At each meeting of the Board at which a quorum is present, all questions and business shall be determined by a vote of a majority of the directors present, unless a different vote be required by law, the Certificate of Incorporation, or these Bylaws.

(c) Notwithstanding any of the foregoing, any action stated in any Rights Agreement between this Corporation and the rights agent appointed thereunder from time to time, as such Rights Agreement may be entered into or adopted by this Corporation and amended from time to time (the "Rights Agreement") to be taken by the Board of Directors after a Person has become an Acquiring Person shall require the presence in office of Continuing Directors and the concurrence of a majority of the Continuing Directors. Capitalized terms in this paragraph shall have the meanings indicated in the Rights Agreement.

(d) Any member of the Board of Directors, or of any committee thereof, may participate in a meeting by means of conference telephone or similar communication equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting by such means shall constitute presence in person at such meeting.

(e) The transactions of any meeting of the Board of Directors, or any committee thereof, however called or noticed, or wherever held, shall be as valid as though had at a meeting duly held after regular call and notice, if a quorum be present and if, either before or after the meeting, each of the directors not present shall sign a written waiver of notice, or a consent to holding such meeting, or an approval of the minutes thereof. All such waivers, consents or approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

Section 7. Action Without Meeting. Unless otherwise restricted by the Certificate of Incorporation or these Bylaws, any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting, if all members of the Board or of such committee, as the case may be, consent thereto in writing, and such writing or writings are filed with the minutes of proceedings of the Board or committee.

Section 8. Fees and Compensation. Directors shall not receive any stated salary for their services as directors but by resolution of the Board, a fixed fee, with or without expense of attendance, may be allowed for attendance at each meeting and at each meeting of any committee of the Board of Directors. Nothing herein contained shall be construed to preclude any director from serving the corporation in any other capacity as an officer, agent, employee, or otherwise, and receiving compensation therefor.

Section 9. Committees.
(a) Executive Committee: The Board of Directors may, by resolution passed by a majority of the whole Board, appoint an Executive Committee of not less than one member,
each of whom shall be a director. The Executive Committee, to
the extent permitted by law, shall have and may exercise
when the Board of Directors is not in session all
powers of the Board in the management of the business
and affairs of the corporation, including, without
limitation, the power and authority to declare a dividend
or to authorize the issuance of stock, except such
committee shall not have the power or authority to amend
the Certificate of Incorporation, to adopt an agreement of
merger or consolidation, to recommend to the stockholders
the sale, lease or exchange of all or substantially all
of the corporation's property and assets, to recommend
to the stockholders of the Corporation a dissolution of
the Corporation or a revocation of a dissolution, or to
amend these Bylaws.

(b) Other Committees: The Board of Directors
may, by resolution passed by a majority of the whole Board,
from time to time, appoint such other committees as may be
permitted by law. Such other committees appointed by the
Board of Directors shall have such powers and perform such
duties as may be prescribed by the resolution or
resolutions creating such committee, but in no event shall
any such committee have the powers denied to the
Executive Committee in these Bylaws.

(c) Term: The members of all committees of the
Board of Directors shall serve a term coexistent with that
of the Board of Directors which shall have appointed such
committee. The Board, subject to the provisions of subsections
(a) or (b) of this Section 9, may at any time increase or
decrease the number of members of a committee or

in the number of members of the committee. The Board of
Directors may designate one or more directors as
alternate members of any committee, who may replace any
absent or disqualified member at any meeting of the

of any such absent or disqualified member.

Section 9 shall be held at such times and places as are
determined by the Board of Directors, or by any such

member of such committee, no further notice of such regular
meetings need be given thereafter; special meetings of any
such committee may be held at the principal office of the
corporation required to be maintained pursuant to Section
2 of Article I hereof; or at any place which has been
designated from time to time by resolution of such
committee or by written consent of all members thereof,
and may be called by any director who is a member of such
committee, upon written notice to the members of such
committee of the time and place of such special meeting
given in the manner provided for the giving of written
notice to members of the Board of Directors of the time and
place of special meetings of the Board of Directors.
Notice of any special meeting of any committee may be
waived in writing at any time after the meeting and will
be waived by any director by attendance thereat. A
majority of the authorized number of
members of any such committee shall constitute a quorum for
the transaction of business, and the act of a majority
of those present at any meeting at which a quorum is
present shall be the act of such committee.

Section 10. Emeritus Director. The Board of
Directors may, from time to time, elect one or more
Emeritus Directors, each of whom shall serve, at the
pleasure of the Board, until the first meeting of the Board
next following the Annual Meeting of Stockholders and for a

Any or all of the signatures on the certificate may be a facsimile. In case any officer, transfer agent, or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent, or registrar before such certificate is issued, it may be issued with the same effect as if he were such officer, transfer agent, or registrar at the date of issue. If the corporation shall be authorized to issue more than one class of stock or more than one series of any class, the powers, designations, preferences and relative, participating, optional or other special rights of each class of stock or series thereof and the qualifications, limitations or restrictions of such preferences and/or rights shall be set forth in full or summarized on the face or back of the certificate which the corporation shall issue to represent such class or series of stock, provided that, except as otherwise provided in section 202 of the Delaware General Corporation Law, in lieu of the foregoing requirements, there may be set forth on the face or back of the certificate which the corporation shall issue to represent such class or series of stock, a statement that the corporation will furnish without charge to each stockholder who so requests the powers, designations, preferences and relative, participating, optional or other special rights of each class of stock or series thereof and the qualifications, limitations or restrictions of such preferences and/or rights.

Section 2. Lost Certificates. The Board of Directors may direct a new certificate or certificates to be issued in place of any certificate or certificates theretofore issued by the corporation alleged to have been lost or destroyed, upon the making of an affidavit of that fact by the person claiming the certificate of stock to be lost or destroyed. When authorizing such issue of a new certificate or certificates, the Board of Directors may, in its discretion and as a condition precedent to the issuance thereof, require the owner of such lost or destroyed certificate or certificates, or his legal representative, to indemnify the corporation in such manner as it shall require and/or to give the corporation a surety bond in such form and amount as it may direct as indemnity against any claim that may be made against the corporation with respect to the certificate alleged to have been lost or destroyed.

Section 3. Transfers. Transfers of record of shares of stock of the corporation shall be made only upon its books by the holders thereof, in person or by attorney duly authorized, and upon the surrender of a certificate or certificates for a like number of shares, properly endorsed.

Section 4. Fixing Record Dates.
(a) In order that the corporation may determine the stockholders entitled to notice of or to vote at any meeting of stockholders or any adjournment thereof, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which record date shall not be more than sixty nor less than ten days before the date of such meeting. If no record date is fixed by the Board of Directors, the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the day next preceding the date on which the meeting is held. A determination of stockholders of record entitled notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting.

(b) In order that the corporation may determine the stockholders entitled to consent (if such written
consent is permitted under these Bylaws and the Certificate of Incorporation) corporate action in writing without a meeting, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which date shall not be more than ten days after the date upon which the resolution fixing the record date is adopted by the Board of Directors. If no record date has been fixed by the Board of Directors, the record date for determining stockholders entitled to consent to corporate action in writing without a meeting, when no prior action by the Board of Directors is required by the Delaware General Corporation Law, shall be the first date on which a signed written consent setting forth the action taken or proposed to be taken is delivered to the corporation by delivery to its registered office in Delaware, its principal place of business, or an officer or agent of the corporation having custody of the book in which proceedings of meetings of stockholders are recorded. Delivery made to a corporation's registered office shall be by hand or by certified or registered mail, return receipt requested. If no record date has been fixed by the Board of Directors and prior action by the Board of Directors is required by law, the record date for determining stockholders entitled to consent to corporate action in writing without a meeting shall be at the close of business on the day on which the Board of Directors adopts the resolution taking such prior action.

(c) In order that the corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights or the stockholders entitled to exercise any rights in respect of any change, conversion or exchange of stock, or for the purpose of any other lawful action, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted, and which record date shall be not more than sixty days prior to such action. Interest coupons appertaining to any such bond, debenture or other corporate security, authenticated by trustee as aforesaid, shall be signed by the Treasurer or Assistant Treasurer of the corporation, or such other person as may be authorized by the Board of Directors, or bear imprinted thereon the facsimile signature of such person. In case any officer who shall have signed or attested any bond, debenture or other corporate security, or whose facsimile signature shall appear
thereon or before the bond, debenture or other corporate
security so signed or attested shall have been delivered,
such bond, debenture or other corporate security
nevertheless may be adopted by the corporation and
issued and delivered as though the person who signed the
same or whose facsimile signature shall have been used
thereon had not ceased to be such officer of the
corporation.

ARTICLE VIII

Corporate Seal

The corporation shall have a common seal, upon
which shall be inscribed:

"Intel Corporation
Incorporated March 1, 1989
Delaware"

In the event the corporation changes its name,
the corporate seal shall be changed to reflect such new name.

ARTICLE IX

Indemnification of
Officers, Directors, Employees and Agents

Section 1. Right to Indemnification. Each
person who was or is a party or is threatened to be made a
party to or is involved (as a party, witness, or
otherwise), in any threatened, pending, or completed action,
suit, or proceeding, whether civil, criminal, administrative,
or investigative (hereinafter a "Proceeding"), by reason
of the fact that he, or a person of whom he is the legal
representative, is or was a director, officer, employee, or
agent of the corporation or is or was serving at the request
of the corporation as a director, officer, employee, or
agent of another corporation or of a partnership, joint
venture, trust, or other enterprise, including service
with respect to employee benefit plans, whether the basis
of the Proceeding is alleged in an official
capacity as a director, officer, employee, or agent or
in any other capacity while serving as a director,
officer, employee, or agent (hereafter an "Agent"), shall
be indemnified and held harmless by the corporation to the
fullest extent authorized by the Delaware General
Corporation Law, as the same exists or may hereafter
be amended or interpreted (but, in the case of any
such amendment or interpretation, only to the extent
that such amendment or interpretation permits the
corporation to provide broader indemnification rights
than were permitted prior thereto) against all expenses,
liability, and loss (including attorneys' fees, judgments,
fines, ERISA excise taxes or penalties, and amounts paid
or to be paid in settlement, and any interest, assessments,
or other charges imposed thereon, and any federal, state,
local, or foreign taxes imposed on any Agent as a result of the
actual or deemed receipt of any payments under this
Article) reasonably incurred or suffered by such person
in connection with investigating, defending, being a witness
in, or participating in (including on appeal), or preparing for any
of the foregoing in, any Proceeding (hereinafter
"Expenses"); provided, however, that except as to actions
to enforce indemnification rights pursuant to Section 3 of
this Article, the corporation shall indemnify any Agent
seeking indemnification in connection with a Proceeding (or
part thereof) initiated by such person only if the
Proceeding (or part thereof) was authorized by the Board
of Directors of the corporation. The right to
indemnification conferred in this Article shall be a
contract right.

Section 2. Authority to Advance Expenses.
Expenses incurred by an officer or director (acting in his
capacity as such) in defending a Proceeding shall be paid
by the corporation in advance of the final disposition of
such Proceeding, provided, however, that if required by
the Delaware General Corporation Law, as amended, such
Expenses shall be advanced only upon delivery to the
corporation of an undertaking by or on behalf of such
director or officer to repay such amount if it shall
ultimately be determined that he is not entitled to be
indemnified by the corporation as authorized in this
Article or otherwise. Expenses incurred by other Agents
of the corporation (or by the directors or officers not acting in their capacity as such, including service with respect to employee benefit plans) may be advanced upon such terms and conditions as the Board of Directors deems appropriate. Any obligation to reimburse the corporation for Expense advances shall be unsecured and no interest shall be charged thereon.

Section 3. Right of Claimant to Bring Suit. If a claim under Section 1 or 2 of this Article is not paid in full by the corporation within thirty (30) days after a written claim has been received by the corporation, the claimant may at any time thereafter bring suit against the corporation to recover the unpaid amount of the claim and, if successful in whole or in part, the claimant shall be entitled to be paid also the expense (including attorneys' fees) of prosecuting such claim. It shall be a defense to any such action (other than an action brought to enforce a claim for expenses incurred in defending a proceeding in advance of its final disposition where the required undertaking has been tendered to the corporation) that the claimant has not met the standards of conduct that make it permissible under the Delaware General Corporation Law for the corporation to indemnify the claimant for the amount claimed. The burden of proving such a defense shall be on the corporation. Neither the failure of the corporation (including its Board of Directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper under the circumstances because he has met the applicable standard of conduct set forth in the Delaware General Corporation Law, nor an actual determination by the corporation (including its Board of Directors, independent legal counsel, or its stockholders) that the claimant had not met such applicable standard of conduct, shall be a defense to the action or create a presumption that claimant has not met the applicable standard of conduct.

Section 4. Provisions Nonexclusive. The rights conferred on any person by this Article shall not be exclusive of any other rights that such person may have or hereafter acquire under any statute, provision of the Certificate of Incorporation, agreement, vote of stockholders or disinterested directors, or otherwise, as to action in an official capacity and as to action in another capacity while holding such office. To the extent that any provision of the Certificate, agreement, or vote of the stockholders or disinterested directors is inconsistent with these Bylaws, the provision, agreement, or vote shall take precedence.

Section 5. Authority to Insure. The corporation may purchase and maintain insurance to protect itself and any Agent against any Expense, whether or not the corporation would have the power to indemnify the Agent against such Expense under applicable law or the provisions of this Article.

Section 6. Survival of Rights. The rights provided by this Article shall continue as to a person who has ceased to be an Agent and shall inure to the benefit of the heirs, executors, and administrators of such a person.

Section 7. Settlement of Claims. The corporation shall not be liable to indemnify any Agent under this Article (a) for any amounts paid in settlement of any action or claim effected without the corporation's written consent, which consent shall not be unreasonably withheld; or (b) for any judicial award if the corporation was not given a reasonable and timely opportunity, at its expense, to participate in the defense of such action.

Section 8. Effect of Amendment. Any amendment, repeal, or modification of this Article shall not adversely affect any right or protection of any Agent existing at the time of such amendment, repeal, or modification.

Section 9. Subrogation. In the event of payment under this Article, the corporation shall be subrogated to the extent of such payment to all of the rights of recovery of the Agent, who shall execute all papers required and shall do everything that may be necessary to secure such rights, including the execution of such documents necessary to enable the corporation effectively to
bring suit to enforce such rights.

Section 10. No Duplication of Payments. The corporation shall not be liable under this Article to make any payment in connection with any claim made against the Agent to the extent the Agent has otherwise actually received payment (under any insurance policy, agreement, vote, or otherwise) of the amounts otherwise indemnifiable hereunder.

ARTICLE X

Notices

Whenever, under any provisions of these Bylaws, notice is required to be given to any stockholder, the same shall be given in writing, timely and duly deposited in the United States Mail, postage prepaid, and addressed to his last known post office address as shown by the stock record of the corporation or its transfer agent. Any notice required to be given to any director may be given by the method hereinafore stated, or by telegram, except that such notice other than one which is delivered personally, shall be sent to such address as such director shall have filed in writing with the Secretary of the corporation, or, in the absence of such filing, to the last known post office address of such director. If no address of a stockholder or director be known, such notice may be sent to the office of the corporation required to be maintained pursuant to Section 2 of Article I hereof. An affidavit of mailing, executed by a duly authorized and competent employee of the corporation or its transfer agent appointed with respect to the class of stock affected, specifying the name and address or the names and addresses of the stockholder or stockholders, director or directors, to whom any such notice or notices was or were given, and the time and method of giving the same, shall be conclusive evidence of the statements therein contained. All notices given by mail, as above provided, shall be deemed to have been given as at the time of mailing and all notices given by telegram shall be deemed to have been given as at the sending time recorded by the telegraph company transmitting the same. It shall not be necessary that the same method of giving be employed in respect of all directors, but one permissible method may be employed in respect of any one or more, and any other permissible method or methods may be employed in respect of any other or others. The period or limitation of time within which any stockholder may exercise any option or right, or enjoy any privilege or benefit, or be required to act, or within which any director may exercise any power or right, or enjoy any privilege, pursuant to any notice sent him in the manner above provided, shall not be affected or extended in any manner by the failure of such a stockholder or such director to receive such notice. Whenever any notice is required to be given under the provisions of the statutes or of the Certificate of Incorporation, or of these Bylaws, a waiver thereof in writing signed by the person or persons entitled to said notice, whether before or after the time stated therein, shall be deemed equivalent thereto. Whenever notice is required to be given, under any provision of law or of the Certificate of Incorporation or Bylaws of the corporation, to any person with whom communication is unlawful, the giving of such notice to such person shall not be required and there shall be no duty to apply to any governmental authority or agency for a license or permit to give such notice to such person. Any action or meeting which shall be taken or held without notice to any such person with whom communication is unlawful shall have the same force and effect as if such notice had been duly given. In the event that the action taken by the corporation is such as to require the filing of a certificate under any provision of the Delaware General Corporation Law, the certificate shall state, if such is the fact and if notice is required, that notice was given to all persons entitled to receive notice except such persons with whom communication is unlawful.

ARTICLE XI

Amendments

Unless otherwise provided in the Certificate of Incorporation, these Bylaws may be repealed, altered or amended or new Bylaws adopted by written
consent of stockholders in the manner authorized by Section 8 of Article II, or at any meeting of the stockholders, either annual or special, by the affirmative vote of a majority of the stock entitled to vote at such meeting. The Board of Directors shall also have the authority to repeal, alter or amend these Bylaws or adopt new Bylaws (including, without limitation, the amendment of any Bylaws setting forth the number of directors who shall constitute the whole Board of Directors) by unanimous written consent or at any annual, regular, or special meeting by the affirmative vote of a majority of the whole number of directors, subject to the power of the stockholders to change or repeal such Bylaws and provided that the Board of Directors shall not make or alter any Bylaws fixing the qualifications, classifications, term of office or compensation of directors.
